NYS Water Quality Hearing
Re: Hoosick Falls PFOA contamination

Kathleen Main-Lingener- Village Resident

Senator Marichone, Senator Hannon and Senator O'Mara I want to thank you for this opportunity to address the PFOA water crisis in Hoosick Falls NY

What this issue means to me on a personal level is mistrust in the local and state officials that are supposed to and did not protect the community it served. The village was advised of the possible contamination in August of 2014 they were presented with testing that had been completed that showed that the levels of PFOA in the water exceeded the 2009 EPA recommendation 400 PPT. Homeowners received a small notification in our water bills and was not a warning and according to the Village of Hoosick Falls was not harmful. If you were not a homeowner you did not get this notice. There have been numerous articles and research done on this chemical prior to August 2014. There was enough literature to direct the Village of Hoosick Falls to advise the people to NOT ingest this chemical. Just days prior to being advised by the EPA to no longer use the water the Mayor and NYS DOH advised that the water was safe and it was a personal choice. A personal choice to consume water that was harmful to myself, my family and my neighbors. That does not qualify as the right to warn they hid the fact that the chemical was present and that it was harmful for 18 months. 18 months where pregnant woman newborn babies and small children continued to ingest this chemical. As a mother who raised her child in Hoosick Falls and lived in the community for 20 years I had a strong feeling of guilt for bringing my family here. All though we cannot change the past we must put precautions in place to never allow this to happen in the future. The Village Municipality, NYS DOH and the EPA all need to be held accountable for the 18 months that could have made a difference to so many people. All though I do not hold the government accountable for the actual contamination I do believe they should be held accountable for not protecting those they serve. The news of water contamination would have put a halt to new business or people moving into the community to support the Hoosick Rising initiative. I feel that the Village made a conscious decision to withhold this information to move forward with that project putting financial gain over the wellbeing of the residents

As a consumer of the municipal water system in Hoosick Falls it is my belief to have had the right to be given the opportunity to determine for myself what was safe and acceptable for my family. If any other service provider outside a municipality were to do this exact same thing there would be consequences for their actions. All though the 6 months of water rebate was something what about the other 12 months we paid to be poisoned. NYS DOH should not have gone on the basis that this was an "unspecified organic material" allowing 50000 PPT as acceptable. I am unclear how

that could be acceptable when there was clearly a level set by the EPA specifically for PFOA that was documented. It appears in my opinion that NYS was washing their hands of this small town with a water problem hoping it would disappear and the EPA had to step in to protect the community. I also believe that the Village officials had a moral obligation to make the community aware of the contamination.

I would also like to touch on the help that was provided by the State of New York. This was no more than a display by the State and County officials to make it appear that help was provided. With each encounter my frustration grew and my questions were never answered. I am a home owner that had their property on the market prior to knowing about the water. All though my property value is not the responsibility of the Local and State officials the help that was provided was very disappointing to say the least. The gentleman I spoke with told me my property value had not declined but I showed him proof that it had. My property went on the market in April 2015 for 144900.00 after the water was discovered my property value fell to 99500.00. When I discussed this with them they simply told me that I should take it off the market and wait. This was the help I received I was already selling and did not want to put my future on hold and my property was already on the market for almost a year. Well here I am 6 months later and I can't get an appraisal that is even remotely close to one another. In order to sell I have had to go through a short sale process which has ruined my credit. I did this with a buyer in mind, stopped paying the mortgage so the bank would except less than I owed and the buyer backed out. I have not had one showing of my home since May 2016 and I have no idea what the value of my property is. What I do know is the value is much less than what I am currently paying for property taxes and what I owe the bank.

My next interaction with help from NYS consisted of the DOH (Neil) who I went to get information on my blood test results. When I inquired about the C8 panels finding it was downplayed. I have lost my father, uncle, aunt and mother all within the last 2 years and all to cancer, I had a valid concern did the PFOA in my blood make me more susceptible to cancer? The gentleman at the DOH advised that if I was going to get cancer I would get it anyways. This did not sit well with me this gentleman did not have any facts he downplayed the C8 panel and basically laughed at me when I asked if he had read about DuPont. My mother who lived in the village died of pancreatic cancer in July of this year and my aunt who lived next to the Chemfab plant in VT died in June of this year. That's two (64 and 67) sisters who died just over 1 month of each other so imagine my horror and concern about having this in my system. The DOH representatives were not educated on PFOA exposure they were sent with a script to read and that is not help that is the DOH covering the bases. The created great frustration within the community.

As a solution to this problem I would like to request that medical monitoring for all communities and a clean water source be instituted under the Superfund. This would place the costs on the polluter and allow the communities to move forward. There needs to be procedures put into place that is shared with all New York State agencies to handle emerging PFOA contamination in the State. I am doing everything I can to prevent any more exposure to PFOA and filtering the water is not an option. Even though it is nondetect it really isn't non detect it is just below the 70 ppt that in my opinion is too high. These communities have been exposed and further exposure even 2 ppt in the water is too much the only acceptable level is 0.

Safe clean drinking water isn't a luxury it is a right and it is a service that we all pay the Village to provide. I would like to thank you for your time and the opportunity to speak in this important matter for the continued health and support of the residents of Hoosick Falls, Hoosick and Peterburgh.

Outside of my verbal testimony please see the enclosed information for your review. I have enclosed timeline of events, the original petition, all signatures and comments requesting these hearing to see how the public is reacting.

Government Breakdown:

- August 2014 failure to advise community that the municipal drinking water was contaminated.
- 2014-2015-Lots of discussion on water problem without public knowledge
- December 2015 Village and DOH official announce water is clean that it is a personal choice to consume
- December 2015 EPA stepped in and advised that Village and State tip sheet be removed as it was incorrect.
- January 2016 NYS site Saint Gobain as a Superfund site 10 million awarded for assistance.
- February 2016 NYS sends mobile unit to Hoosick Falls to provide help for homeowners. This was not help this was one man in the armory with no more information than my mortgage company had. My Mortgage company actually had more information. No information was obtained I instead found myself educating him on the loss of property value from the school.
- March 2016 Empty chemical barrel sitting on the side of the road on Rt22 by the school. This was there for 2 days I requested that the DEC pick up the barrel which contained Sodium Hypo chlorite (used for cleaning municipal water systems) The DEC was brought to the empty barrel they kicked it and said it empty what would you like me to do and got in their trucks and drove away. I had to personally go over and ask an ENCON officer to please have it picked up. This was the day Gov Cuomo came to town and he would have also driven by the barrel riding through town.

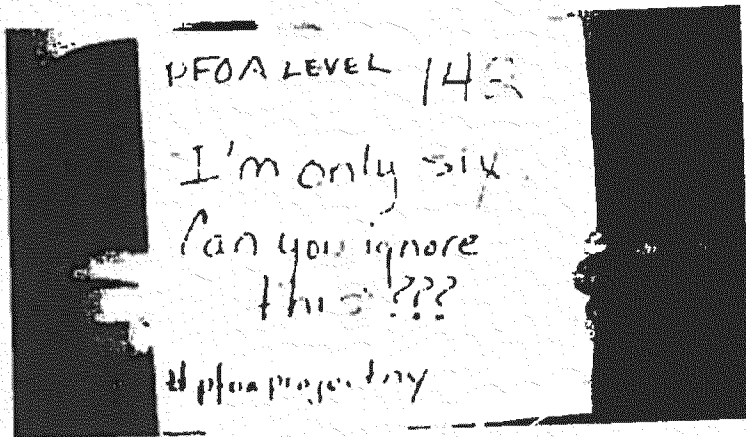

- May 2016 Hearing are cancelled and not rescheduled
- December 2015 called for blood testing never received an appointment. Needed to call back in February to obtain appointment no call back.
- February 2016 family went to armory and sat through questionnaire and received blood draw.
- May and June 2016 pending blood test results delayed multiple times

- June 2016 Blood test results were sent out on a weekend when nobody could answer questions
- June 2016 DOH went to get information on blood testing which was not helpful. They did not have any information
- June 2016 Went to Capital and met with Jim Malatras who discussed my DOH experience. We discussed sending Mt Sinai team to explain PFOA blood results given a direct contact who did not respond to emails.
- July 2016 Mt Sinai came to the area there was 1 person for all residents. Long waits and the gentleman was not prepared and did not have any blood work information from the NYS DOH
- Village physicians were not educated on the effects of PFOA changed physician to a Vermont Dr. who had training via Vermont State and was educated on the medical implications.
- Watching the neighboring state of Vermont and how they handled this brings concern over how NY has handled.
- Political blame game the village blames the Department of Health the Department of health blames the EPA. If the residents were advised and the agencies worked together this could have all been avoided.
- Help only provided when public pressure was placed on officials. Gov Cuomo only came to town when called out and the meeting was private, The Mobile Mortgage bus was sent when the question of home value was pressed, the DOH only came when the blood test results were under scrutiny. These are all things that should have occurred without public pressure but for the good of the people.

This is a short version of the list but the unorganized and disrespectful behaviors by the DOH added to the communities' frustration. This money could have and should have been spent on finding a new water source.

Public Hearings for Hoosick Falls and Petersburg PFOA Contamination

Supporters

UPDATE: Residents were recently delivered blood test results provided by the DOH to determine the exposure to the chemical PFOA. The numbers are staggering and especially in the children. The 6 year boy in the picture above could have shaved off one and half years of exposure if we were notified. This would have been beneficial to HIM and all the other children and members of these communities. Please note the average number for PFOA in blood is between 2 and 5. His was 142!!! We DEMAND these hearings for these KIDS!!

The small communities of Hoosick Falls and Petersburg were recently both found to have contaminated drinking water due to a "Non-Stick" man made product used in the manufacturing

of Teflon. The contaminant is a substance called PFOA (Perfluorooctanoic Acid) or C8. The man made substance has been linked to several types of CANCER (Kidney, testicular and other types), Thyroid Disease, Ulcerative Colitis, Pregnancy Induced Hypertension, Reproductive Disorders, Developmental Delays, Severe Birth Defects and other types of illness. The Citizens of these small communities are DEMANDING that there be public hearings on a State or Federal level to determine why Residents were not notified immediately when the chemical PFOA was discovered by the NYS Department of Health, Department of Environmental Conservation, EPA and the Local Village Leaders. In Hoosick Falls the contamination was found by a Private Citizen who had lost his Father to Kidney Cancer and started to investigate a reason why. The PFOA contamination was reported to the Village Mayor, NYS Department of Health as well as the EPA and The Department of Environmental Conservation in August of 2014. Members of these small communities have many unanswered questions. Why did it take so long for our Government Officials to tell us about the high levels of this contaminant PFOA in our drinking water? Why there was not regard to the health and public safety of these communities to a point where we were notified to stop using the drinking water in 2014? The community was not notified for almost a year and a half after the contaminant was brought to the Village of Hoosick Falls attention in August 2014. The EPA stepped up in December 2015 and advised the Residents to stop drinking and cooking with the water. This was just days after the NYS Department of Health and the Village officials advised the water was "SAFE TO DRINK". Petersburg NY was soon to follow and was advised not to use their drinking water in February 2015. Both Manufacturers believed responsible for the contamination have been deemed a Superfund site by the EPA. We need your help getting the Public Hearings to take place with this petition. We need those accountable for those communities to be held responsible for not informing the public of the poison in our drinking water. For not allowing us to protect our children's health. The NY State Assembly has canceled the promised scheduled hearings to investigate those very questions. We need to conduct those hearings not just for these small communities but for all small communities in New York State that may have similar problems in the future. The State needs to be held accountable for not protecting the people they were elected to protect and serve. No other community should ever have to go through the "not knowing" that something that is a basic human right such as water is unsafe to drink! Take a proactive step to prevent this from happening again and teaching NY Officials from their mistakes. Be heard and stand up for what's right and fight!

Keith Cipperly	Hoosick Falls, NY	2016-05-22	I'm signing because I care about the community!
Kathy Lingener	Hoosick Falls, NY	2016-05-22	I started this because we need to hold people accountable for their actions. This also needs to happen for all small little towns so they will never have to deal with this.
Nancy Harrington	Waterford, NY	2016-05-22	I'm signing because every United States citizen deserves clean water. This is not a third world country. There is no reason for it.
cynthia brewster	Hoosick Falls, NY	2016-05-23	We deserve hearing for God's Sake... not only has the water been contaminated but so has our bodies.
Michele ingles	Petersburgh, NY	2016-05-23	I have read countless documentation on the epa guidlines and susequent feed back from scientests that the mice studies have proven to cause cancers and therefore should be considered a human carsinegen as well. No level is a safe level!!!!
Lynne Mango	HOOSICK FALLS, NY	2016-05-23	We deserve to be heard! Our Town was shaken to the core and they threw in a filter and moved on slow down NYS! There is more work to be done and voices to be hears and questions to be answered!!
Virginia Harrington	Hoosick Falls, NY	2016-05-23	The water/people have been contaminated, elected officials neglected to inform the community promptly and the ppt should be 0 for all! No level is safe for consumption. Every life is important!!
Lee Ann Wooddell	Cambridge, NY	2016-05-23	I was born and brought up here. ... Worked at all of the Oak Facilities and would like answers... WHY WAS THIS INFO HELD FROM ALL OF US???
Robin Van Amburgh	Albany, NY	2016-05-23	We should not have contaminated water supplies.
Edward Perrotti-Sousis	Waterford, NY	2016-05-23	The failure to notify the public resulted in many residents purchasing a home without disclosure of issue putting their families health at risk. Lifetime residents were ingesting water that was known to be unhealthy by the state and the state failed to notify them. This should be a crime and those involved should be facing criminal charges.
Meagan Diamante	Troy, NY	2016-05-23	...my close family and friends are currently effected, and one never knows who could be next.
Cathleen Burnell	Troy, NY	2016-05-23	My sister and her family live in Petersburg and were not notified when purchasing their home that there was possible contamination. Plus, we need to hold our government accountable.
Jennifer Plouffe	Hoosick Falls, NY	2016-05-23	There needs to be accountability! Water is the elixir of life and without clean water we all suffer.
Jennifer Smith	Cropseyville, NY	2016-05-23	Too many friends live in these communities, including children.
Paige Denué	Cropseyville, NY	2016-05-23	My friends and family are sadly being effected by this and need and deserve answers and TRUTH.
J Dartt	Greenwich, NY	2016-05-23	They poisoned my children as well as myself...i dont believe they only recently found out about this.
Nanette Schermerhorn	Grafton, NY	2016-05-23	I lived in Petersburg, have family that live in Petersburg and Hoosick Falls and feel everyone is entitled to clean drinking water
kim forrest	Hoosick Falls, NY	2016-05-23	kim forrest
Crickett Elderd	Albany, NY	2016-05-23	We should not need to worry about contaminated water, here, this is the United States...this is a huge problem!!!

Gloria Myers	Richmond, VA	2016-05-28	The long-term health concerns of those residing and who bought homes in the area without prior knowledge of the water situation is criminal. The value of life as well as the livelihood of the community is at great risk. Industry and local government should be held responsible.
Thomas Vince	Hoosick Falls, NY	2016-06-02	I'm signing this because of the ineptness of governor Cuomo, DOH, EPA, and the Hoosick Falls government officials.
Valerie Jones	Virginia Beach, VA	2016-06-03	I have friends in both this and the Flint, MI area- in this day and age, how can there be unsafe water? What has to be done to make this right? How can people live their lives with this threat to one of the basic needs, water?
charlene pray	Hoosick Falls, NY	2016-06-03	Our community was exposed to a toxic substance knowingly for 14 months if not more. The children were unnecessarily exposed, pregnant mothers, newborns, and those who were already experiencing symptoms of the exposure. This was on a local level. Our Mayor put business before its people. The health department was very negligent and if it was not for concerned community members this would have all been kept quiet. People deserve to have a full investigation and those that put other lives in danger should be prosecuted for doing so. Investigate!
Ed Leighton	Schenectady, NY	2016-06-04	NY residents need the truth about what happened and who knew what and when
Jenny Rohn	Hoosick Falls, NY	2016-06-06	Please, please sign this petition!
liz deschenes	New York, NY	2016-06-06	I work and have friends who live in the area. I am deeply concerned for the residents of hoosick falls and petersburgh
Michael Piritz	Hoosick Falls, NY	2016-06-06	Because I live here and we are supposed to trust the people we have representing us they were voted in to look out for are best interest and they didn't!!!!
Joyce Jackson	Mechanicsville, VA	2016-06-06	I am signing this petition because it is legally, morally and ethically wrong that any community should experience what Hoosick Falls has gone through. We are ALL in danger no matter where one lives if this is allowed to continue.
Camille Guthrie	Eagle Bridge, NY	2016-06-06	My well is full of PFOA! And I live in Eagle Bridge, quite far from Hoosick Falls! It's everywhere.
Andrew Cencini	Seattle, WA	2016-06-06	Don't forget the neighboring communities! We have PFOA in Eagle Bridge and the state is not responding!
Joshua Elston	Troy, NY	2016-06-06	It's the right thing to do.
Kathryn Montovan	Woodford, VT	2016-06-06	All communities should have safe drinking water and should be able to trust the government when they say the water is safe. When this is not the case there should be a careful investigation and responsible parties should be held accountable.
john conte	Hoosick Falls, NY	2016-06-06	Cuomo, DEC DOH and Village of Hoosick Falls played with our health
Catherine Capellaro	Madison, WI	2016-06-06	People deserve to know the truth about what is happening in their communities.
lisa Staszak	Hamburg, NJ	2016-06-06	I'm a former HF resident and I find this horrific! How anyone can not notify the public the minute the test results are known that the water is unsafe to drink is beyond me. Hearings really do need to be held.
john conte	Hoosick Falls, NY	2016-06-06	Mayor the duty Mayor and village board need to be add to the hearing. T
Lisa Rogers	Selkirk, NY	2016-06-06	I am signing this because this is horrible that all these families have to go through this!! And a poor man has to pass away before any families knew about this!! My heart breaks for all that is affected by this!!
Russell Gaillard	Hoosick Falls, NY	2016-06-06	Truth has to be told

Name	Location	Date	Comment
Nicole Hollister	Valley Falls, NY	2016-06-26	Because I am my children's voice.
Eric Einbinder	Latham, NY	2016-06-26	It's outrageous what they've allowed there!
Nick Chemega	Endicott, NY	2016-06-26	I expect accountability from our government officials, regardless of their party affiliation
Annette McNinch	Conesus, NY	2016-06-26	Everyone deserves safe drinking water and an honest and ethical government.
Gloria Rodgers	Wynantskill, NY	2016-06-26	Enough is enough.
Leo Surdam	Hoosick, NY	2016-06-26	I care about my children and grandchildren's health, unlike our so called governor and other public officials.
Colleen Kervin	Chatham, NY	2016-06-26	This is TOO IMPORTANT to pass over.
Dawn Vyvial	Buskirk, NY	2016-06-26	This is an outrage. I work in the medical field and find this morally offensive that companies have been able to get away with such things!
Sandra Davies	Hoosick, NY	2016-06-26	I live 6 miles south of Hoosick Falls and 5 miles north of Petersburg. New York State needs to immediately step up and do the right thing for each of the villages. Let's for once, just once, forget about the politics and DO THE RIGHT THING!
Lou Gatto	Rochester, NY	2016-06-26	I'm signing this to help the people of Hoosick Falls get their justice against a governor who continues to ignore the people of NYS. #DrainTheSwamp
Michael Blasl	Chatham, NY	2016-06-26	These problems should never be kept away from the people they are affecting.
bill harmon	Troy, NY	2016-06-26	drain the swamp!
Daniel Campbell	Corinth, NY	2016-06-26	Drain the swamp, let the truth out to many bureaucrats think they know whats best for people and hide the info.
David Telesky	Troy, NY	2016-06-27	I would like to know why this issue of drinking water was ignored by gov Cuomo for over a year.
Lynn Morris	Wynantskill, NY	2016-06-27	I live in Rens. Co. and have friends in both Hoosick Falls and Petersburg. They want to know who knew what when, and I agree!
Stacey Frasier	Wilton, NY	2016-06-27	I grew up in Hoosick Falls and have many friends and family still living there. I am concerned for the health of those living in this great community!
Steve Jakala	Schenectady, NY	2016-06-27	This is important to everyone.
Michael Jakala	Mechanicville, NY	2016-06-27	I think it's disgusting how uncaring our nation is when it comes to carcinogens like this...
Marge Blanchard	Troy, NY	2016-06-27	Its the right thing to do and should've been done a long time ago
Robert Miller	Poestenkill, NY	2016-06-27	It is a disgrace what the state didn't do for those poor people.
Danielle O'Hare	Brooklyn11228, NY	2016-06-28	I'm so angry with the way this government hides the truth
Sherman Kearns	Ridge, NY	2016-07-01	Because Cuomo is a cesspool of corruption and needs to be exposed for his criminal negligence.
Robin Dickinson-Sawyer	Troy, NY	2016-07-02	Fix the water problem in these beautiful towns now!!!! Stop debating. Stop playing games. Fix it NOW!!!!
Lisa Matte	Rome, NY	2016-07-02	I lived there, and many I love still live there and/or are impacted by it. If only my mother's level were only 142!
Helen Matte	Hoosick Falls, NY	2016-07-02	I live in Hoosick Falls and have since 1964.
Tina Jacobs	Wynantskill, NY	2016-07-05	Because it can happen to anyone!
Susan Alancraig	Cambridge, NY	2016-07-06	I lived in Hoosick Falls in the 1980's and am concerned for the people living there now.

Name	Location	Date	Comment
Juan Leiva	Bayonne, NJ	2016-06-08	This is a serious issue that affects the public, so the public should be heard
Ryan Slingerland	Troy, NY	2016-06-08	I grew up in Hoosick Falls drinking this toxic waste and so did most of my friends and fsmily.
Silvia Potter	Hoosick Falls, NY	2016-06-08	120l 120micrograms/liter or 120ppb (parts per billion) is the amount of PFOA detected in my blood. I did not choose to expose myself to this substance. I was exposed to it without my knowing and without my consent. And for an additional 14 months, state and town officials deemed it acceptable to continue exposing me to this substance, knowing that our town's drinking water significantly exceeded all set levels! This is not just happening in my town. This is happening all over the country Wake up, people! The people of Hoosick Falls and of Petersburg were sacrificed on the altar of corporate greed and political ambition! Tomorrow it could be your town! Wake up and sign this petition! Silvia Potter, 120
Michael Moore	Old Hickory, TN	2016-06-08	I'm signing because... it seems pretty reasonable to at least inform people as you poison them.
ute newbern	Derby, KS	2016-06-08	Because my friend did not ask to be exposed to this, this can happen anywhere because of big companies
Betsey Williamson	North Bennington, VT	2016-06-08	Justice for all people with higher than normal levels of PFOA, and everyone else
Michael Schmigel	Hoosick Falls, NY	2016-06-09	Worried, hurt, aggravated, want answers, those who knew need to be held responsible, willing to help in anyway to bring justice to Hooville and all those effected. ☐ IDHF!
John B Murphy	Hoosick Falls, NY	2016-06-09	In the interest of governmental transparency
Julie Townsend	East Hampton, CT	2016-06-09	I have family living in the area.
Birgit Horn	Poultney, VT	2016-06-09	It needs to be seen and the people need to be heard!
Francis Girard	North Adams, MA	2016-06-10	Justice for Hoosick Falls and Petersburg!
Joshua Aldrich	Hoosick Falls, NY	2016-06-10	My children
Karen Poirier	Bennington, VT	2016-06-11	Because I have family & friends living in Hoosick Falls. I think it's a dirty rotten shame these people weren't told a long time ago. This is peoples lives they have been fooling with. It was uncalled for!!!!
Abby Thompson	Albany, NY	2016-06-11	I lived in Hoosick Falls for seven years. The people of this village deserve so much better from the government agencies who serve them.
mike brewster	Hoosick Falls, NY	2016-06-11	We deserve answers
Diana Grobuski	Hoosick falls, NY	2016-06-11	What happened to the people of Hoosick Falls is Criminal !! Officials knowingly poisoned many children , residents and pets... Officials knew and did not tell the residents... There must be hearings ...

Name	Location	Date	Comment
Stacy Parker	Hoosick Falls, NY	2016-06-11	I've lived in Hoosick Falls virtually my entire life (47 of 49 years) and I believe myself and my family have been poisoned by PFOA from local factories. I believe this because I have had pets with unexplained tumors, had to euthanize a cat with complete kidney and liver failure, had to euthanize our dog who also had tumors, I've had breast cancer, thyroid cancer, massive fibroid tumors requiring surgery, 2 young children diagnosed with separate pediatric endocrine diseases and we've just received our blood test results which confirm significantly higher than average levels of PFOA and. The common denominator here is PFOA and our municipal water supply. I understand this chemical may not have had guidelines set but if our local Mayor, Governor and other local officials knew of this toxin in our water supply I believe they had an ABSOLUTE OBLIGATION to warn us not to consume the water. They did not and we have been victimized by the current "policies" in place. Immediate attention is needed to protect and prevent this from happening again. Our government needs to conduct hearings so that our communities, families, friends and children are protected.
Linda Taylor	Williamstown, NY	2016-06-11	I used to live in Petersburg NY with 4 young children! My nieces and their children live in Hoosick Falls, their blood levels came back very high! I am both very worried for their health and infuriated that this was allowed to happen!!
Constanace Cutler	Albany, NY	2016-06-12	I grew up in this small town and the majority of my family and friends still live there. The numbers are so much more than are being publicized...scary!!
Beth manchester	Troy, NY	2016-06-12	My family live in Petersburg and they are at risk
Jody Cady	Mechanicville, NY	2016-06-12	I am outraged at the numerous contaminants citizens are exposed to & the health issues that are caused by this which often don't present until years have passed. In particular, I have family members, with babies, whose levels of this chemistry are astonishingly high! I am afraid for their lives!
Elizabeth Rathbun	Lanesborough, MA	2016-06-12	It's bull our government is suppose to protect these innocent people if they don't why are they hired or even there???????? It's a disgrace!!!!!!
Samantha Damon	Bennington, VT	2016-06-12	I'm signing because this is my town, and something needs to be done!
Melissa Marshall	Australia	2016-06-12	I'm signing because we are living this nightmare in Australia right now too.
Kaitlyn Lawrence	Canton, NY	2016-06-13	I am signing because my aunts were affected directly and have become severely ill by the PFOA's found in their ground water. The DEC, NYS Department of Health, local health officials, and Taconic Plastics are all in the wrong and need to be held accountable for not informing the public that their ground water was poisoned.
David Smith	Potsdam, NY	2016-06-13	I am signing because an injustice somewhere is an injustice everywhere. I believe the parties responsible need to be held accountable for this horrific cover-up.
Cynthia Lawrence	Ogdensburg, NY	2016-06-13	Family members have been affected by this!
Patricia Santarsiero	Kings Park, NY	2016-06-13	We all have the right to clean and SAFE drinking water.
Denise Hutson	Central, SC	2016-06-13	Born in 1954, I grew up in Petersburg, NY, graduated from Berlin HS, and ...have MS, an auto-immune disease. (I am one of many in town)
jean mills	clayton, NC	2016-06-13	My sister & friend are affected greatly and are both ill.
Ellen Lawrence	watervliet, NY	2016-06-13	I live in Petersburg, NY and I don't want it to happen to anyone else.

Name	Location	Date	Comment
Micky HAGER+	Rensselaer, NY	2016-06-13	NYS has not been up front on this water situation from day one
Tammy Reynolds	Cambridge, NY	2016-06-13	My four year old grandson passed away on March 9, 2016 from cancer and an undefined lung infection. He moved to Hoosick Falls in July 2015 and was a happy, healthy and fun loving little guy until he was exposed to the PFOA'S
Eric Canavan	Averill Park, NY	2016-06-13	I have family on Hoosick Falls who are being effected by the poisoned water, they have very high pfoa levels and the ones responsible need to be held accountable for their actions!
christina garcia	Moulton, AL	2016-06-13	I understand personally. We as a community are facing this now. WMEL Alabama is affected by PFOA and PFOS too. We have been probably close to ten years without knowing til now. Praying for your community and ours too.
Cheryl Boyce	Australia	2016-06-13	Governments are determined to poison us. Cover up real risks to the public. It's criminal. World wide needs justice and our children's need a safe environment #not CANCER !!
Michelle Vandemark	Rex, GA	2016-06-13	My family still lives there...
nicole brundige	Troy, NY	2016-06-13	Friends and family of mine that live up there.
Heidi LaPorte	Schaghticoke, NY	2016-06-13	I grew up in Hoosick Falls, still have family and friends there, and despise what's happened to the residents regarding PFOA in their drinking water.
Dale Kelley	Loudonville, NY	2016-06-13	Corrupt NYS legislators won't move on this unless we force them to. The chances that this could happen to any town in NYS are now at 100%.
Ryan Baker	Newcastle, Australia	2016-06-13	This stuff is toxic and the governments are ignoring it people health affects will be at their in action
Eileen Wood	Hoosick Falls, NY	2016-06-13	My grandchildren deserve clean water!
Mary Boyle	Conklin, NY	2016-06-13	I'd like to to know why this issue wasn't addressed back when it became known.
Joan E. McAndrews	Cambridge, NY	2016-06-13	My number is high and I have been away from HF for 12 yrs.
Joyce Liporace	Haverford, PA	2016-06-13	Everyone deserves a right to safe water.
Kathy McGuire	Rensselaer, NY	2016-06-13	I have family that live in Hoosick Falls
Lori Chapones Chapones	Hoosick Falls, NY	2016-06-13	Our numbers are insane - we should have been warned sooner. I am concerned for my son's future health.
Liza Demars	Albany, NY	2016-06-13	I feel bad for those people and feel like the mayor and government let the Dow. I also think there are people who have know about the contamination long before the public announcement.
Rebecca Rainstrom	Saratoga Springs, NY	2016-06-13	I grew up in Cambridge NY. Almost every single of my family deaths have been from cancer. I have suspected for years that the water was contaminated. Both drinking and The Battenkill River.
William Johnson	Ravena, NY	2016-06-13	I have family who live in Hoosic Falls and have elevated levels of pfoa
Jon Anderson	cedar rapids, IA	2016-06-13	Do you live near an Airport. There is an investigation into these chemicals that may have got into the water system from chemicals in fire fighting foam used at Airports.
Margaret Henry	Bessemer, PA	2016-06-13	Clean water is a right! What sane civilization poisons it own water ?
John Crucetti	Hoosick Falls, NY	2016-06-13	Hoosick Falls will always be my first home.
laurie lentinello	Hobe Sound, FL	2016-06-14	We all need clean water... And if the water isn't clean, people have a right to know IMMEDIATELY. Heads need to roll
William Martin	Hadley, NY	2016-06-14	Hoosick Falls needs help and answers.

Name	Location	Date	Comment
Dr. James Murphy	Vero Beach, FL	2016-06-14	Do we understand what PFOA's actually are?!? Put it this way; they are used in the manufacture of TEFLON, SCOTCHGUARD. And others. Consider what your cooking pan with TEFLON does. Under high heat. It cooks and does NOT break down. It does NOT break down out in Nature either. So why....mind you... W-H-Y would you even THINK about ingesting this molecule? Because when you do....please know...it does NOT break down inside of YOU either. It remains there for up to (and sometimes beyond) EIGHT years. Does THIS sound normal to you? If I add that this stuff is T-O-X-I-C as hell, what would it take to make you BELEIVE this? If I showed you video of cows and calves who have PFOA-contaminated water to drink daily....and died from this....would you reason that this stuff might be a devil's brew? Because there ARE videos of the insides of animals that HAVE had this stuff to drink each day. From streams and brooks and ponds and lakes and places like that. Their teeth turn BLACK. Their inner organs turn purple, blue, green. They stagger around, foaming at the mouth. "Oh gosh!", I hear you saying. P-I-e-a-s-e, you and I don't know the tenth of ityet. Just now - recently say - we are discovering INCREDIBLY HIGH LEVELS OF THIS IN HUMAN BEINGS. Wow...coincidence, right? Now...WHAT, mind you, is the "normal" level of PFOAs in the human body and blood serum? If you answered, "Absolutely ZERO!", you would be RIGHT! Yes! It IS absolutely ZERO. This chemical is NOT natural. Think our great great grandparents had TEFLON? SCOTCHGUARD? Any of that? NO! SO PLEASE.....consider this. If you KNEW that corporations had been DUMPING this stuff off in your neighborhood, infesting your groundwater with it, knowing FULL WELL its consequences and its ability to pass into the human body....what would you have said THEN? THINK about it. You could save lives....
Matthew Bohmer	Hoosick Falls, NY	2016-06-14	I feel signing this is the right thing to do.
Penny Acree	Hoosick Falls, NY	2016-06-14	Concerned for the future of my community
Jessica Fisher	Hoosick Falls, NY	2016-06-14	Because Hoosick Falls matters and the high levels in my children is disgusting and they matter
Eve Kennedy	Eagle Bridge, NY	2016-06-14	I lived in the Village of Hoosick Falls for many years and now live in the Town of Hoosick. I am appalled at what has been going on.
Jacqueline Canavan	Averill Park, NY	2016-06-14	So many innocent children & animals along with there families Could have been spared all this horrendous poisoning by our government officials.This could have been avoided .Peoples lives were taken for granted Shame on Governor Andrew Cuomo for allowing our children & all to be poisoned.This should never happen again.What now for all who are ill .What about all there futures.What will our children have to look forward to in their upcoming lives.Will they lose there parents to cancers Will there lives be taken do to illneses or cancers.What will there futures hold for all?
Timothy Kennedy	East Greenbush, NY	2016-06-14	I'm signing because NYS residents deserve only the best water quality the world has to offer.
Emily Houghton	Hoosick Falls, NY	2016-06-14	My uncles was in the 300s and my grandfathers are high
Sarah Cannavan	Hoosick Falls, NY	2016-06-14	Hoosick Falls born and raised #hoosickstrong
Linda Geho	Petersburg, NY	2016-06-14	I live in Petersburg, NY & my well came back as 2100 ppt
Ursula Cooper	Blackburn, United Kingdom	2016-06-14	It's important!!! And if this goes unnoticed!
MaryEllen ONeill	Hoosick Falls, NY	2016-06-14	I care.

Name	Location	Date	Comment
Gina Beaudoin	Grand Rapids, MI	2016-06-15	I moved out of Hoosick Falls a year ago and am trying to get tested. Michigan DOH doesn't know how to do it. I'm trying to get tested next time I'm home but there are limited times and days that it is done at the Armory. Ugh!
Todd Rogers	North Bennington, VT	2016-06-15	I lived in Hoosick Falls for ten years and raised my children there and am concerned for all the folks still there affected by this.
DJ Lingener	Hoosick Falls, NY	2016-06-15	We need hearings
Richard pecor	Hoosick Falls, NY	2016-06-15	I grew up here.
Ned Morrissey	Johnsonville, NY	2016-06-15	Time for the state to step and protect its citizens
Adrienne Tricozzi	Albany, NY	2016-06-15	Noone should be unknowingly poisoned. I have children of my own. You do whatever to protect them. These parents had no idea that their own water was poisoning them{
Santino Thomas	Cohoes, NY	2016-06-15	I am concerned for my fellow residents of the Capital Region and I believe they deserve these hearings. They deserve answers.
Amy Freitas	Rochester, NY	2016-06-15	These families deserve clean water and answers!
Carol DiPirro	Merrimack, NH	2016-06-15	I care about my fellow citizens in Hoosick. I live in Merrimack New Hampshire and we are experiencing similar situation with PFOA's
Caitlyn Amodeo	Hoosick Falls, NY	2016-06-15	Caitlyn Amodeo
Shaun Francis	Saratoga Springs, NY	2016-06-15	Hoosick and Petersburg deserve a voice and hearings.
Angel Woods	Troy, NY	2016-06-16	My family lives in Hoosick Falls and this is just awful
Gail Shaw	Merrimack, NH	2016-06-16	No toxins in our water! Allowing any is criminal. Clean water is essential to good health. There is a way to fix it. Make it right. Don't turn your head on this. For everyone, do the right thing.
Rogue Joule	nyc, NY	2016-06-17	profits over people; our national shame
Teresa Scicchitano	Petersburg, NY	2016-06-17	My home is contaminated
Leslie Surdam	Hoosick, NY	2016-06-17	My 2 year old's pfoa level is 37.9...
Kelli Morocco	Stillwater, NY	2016-06-17	So they do something about PFOA's in Petersburg
patricia viola	Middleburgh, NY	2016-06-17	its unfair and ridiculous that this even has come to this. we are supposed to able trust those who tell us things are safe....
K Wallace	Albany, NY	2016-06-17	I have a co-worker who lives in Hoosick Falls. Her health and well-being have been greatly affected.
Kristin Ayers	Merrimack, NH	2016-06-17	It is the right and just thing to do.
Linda Geho	Petersburg, NY	2016-06-17	My well is contaminated and is well over the acceptable limit. Blood level results also well over acceptable limit. This is NOT acceptable.
Sebastian Albrecht	Guilford, VT	2016-06-18	Justice for hoosick falls!!!
Richard Holcomb	Hartford, NY	2016-06-18	I hope you're going to help the families. Hearings now!
Sally L Gore	Wilmington, VT	2016-06-18	I strongly believe there should be a hearing!
Donald Raymond	Adams, MA	2016-06-19	Corrupt politicians need to be held accountable!
Shaun Francis	Saratoga Springs, NY	2016-06-20	My name is Shaun Francis and I am running for New York State Senate because the people of Hoosick need REAL representation. The children dealing with PFOA deserve to have their voices heard in the highest legislative body in the state - the New York State Senate. We deserve more than press conferences and words. I demand hearings now and, unlike our current Senator (Marchione), I'll fight like hell for hearings once elected the moment I am sworn in, in January. ~Shaun Francis

Name	Location	Date	Comment
Maryann Jacobs	Hoosick Falls, NY	2016-06-20	My family, friends, and community have been wronged, and greatly affected by this contamination. We no longer trust our leaders who have lied to us and let us be continually poisoned for additional 18 months.. My children have been hurt, and I will fight to get them the aid they need and the justice deserved.
nicole blink	Clinton, SC	2016-06-21	I grew up in that area.
Pamela Gotzmer	Schenectady, NY	2016-06-23	I feel strongly that water is a precious commodity and necessity in life that we NEED to be able to trust and rely upon.
Edward Yankus	Hoosick Falls	2016-06-24	Government was supposed to be for the people, by the people. I'm not really seeing that anymore...
Elizabeth Perry	Hoosick falls, NY	2016-06-25	I live in Hoosick falls
Jessica Mentipty	Scarborough, ME	2016-06-25	My entire family lives in Hoosick Falls
Linda Garston	Tampa, FL	2016-06-25	I'm signing because of family living in Hoosick Falls NY that could be affected by this.
Leila Jacobs	Lake Mary, FL	2016-06-25	I have friends who live in Hoosick Falls and I am concerned for them.
Nancy Whitcomb	Cambridge, NY	2016-06-25	I worked in a fast food setting in the Village and would have preferred the health Dept. was seriously checking water across the board rather than inspecting whether illegal ash trays were in bars. The legislature has a habit of increasing the work load and reducing the field workers in the Health Dept. I had a motel and those inspections stopped for 2 years as they raced to cover the new mandates.
Amanda Baretsky	Hoosick Falls, NY	2016-06-25	I'm affected by the water contamination
Brian Davis	Deatsville, AL	2016-06-25	My 16 yo daughter has been living in Hoosick Falls, NY most of her life. It is pure sickening to see the officials in Hoosick Falls, as well as the State and Federal level, who all had knowledge of this, and still waited almost a year to say anything. These local leaders, who had knowledge of these chemicals being in the water and still never mentioned the findings, need to be held accountable for every life it harmed. I also wonder how many of them still drank or used water from the local tap? I know the company's need to be held liable, but elected leaders are put into place to help protect the citizens they serve. By withholding this info, how much additional damage was done or could have been prevented? Brian Davis Slapout, Alabama
Felecia Dalpe	Mechanicville, NY	2016-06-25	This is my friends children that are enduring this crap. Its horrible that any children have to deal with this.
Kristal Roberts	Hoosick Falls, NY	2016-06-26	Im signing this because not only do I live in this community but these kids need to be heard and something needs to be done about this!
Mark Drescher	Hoosick Falls, NY	2016-06-26	Government officials need to be held accountable. If there were errors, delays, or cover ups they will be exposed in the hearings.
Kyle Greene	Schenectady, NY	2016-06-26	I doubt it's just a problem in h.falls
Chris Patterson	Albany, NY	2016-06-26	Our government officials have a moral, ethical, and governmental obligation to support and protect the very people who put them in office
Tim Flatley	Queensbury, NY	2016-06-26	It's time for all government to be held accountable...
Gerald Coonrad	Troy, NY	2016-06-26	I believe Cuomo knew about this but did nothing and still does nothing.
Joseph LeDuc	Pratt, KS	2016-06-26	My mom lives in Hoosick Falls.
Tammi S	Rensselaer, NY	2016-06-26	I'm signing because these people need help and if the government knew about this previously and didn't act accordingly they should be held accountable.

Name	Location	Date	Comment
Linda Kenney	Ravena, NY	2016-06-06	These people deserved to know there was something wrong with the water as soon as the village town or found out. There is no excuse for what has happened to these people.
Joyce Morier	Hoosick Falls, NY	2016-06-06	I would like accountability.
Dan Amodeo	Albany, NY	2016-06-06	The Cuomo Administration is hiding the guilt of its actions and harming the citizens of the State of New York.
Kathrin Bidderman	Prescott, AZ	2016-06-06	I'm signing because I can't trust any government departments anymore, when it comes to my and my family's health in this country.
Brigitte Vasquez	Bethesda, MD	2016-06-06	this is just unacceptable!
Leah Staley	Jonestown, PA	2016-06-07	My mom
Harold Stevens	Hoosick Falls, NY	2016-06-07	The truth must come out
Pat Hayner	Hoosick Falls, NY	2016-06-07	I've been poisoned!!!
Fawn Baker	Hoosick Falls, NY	2016-06-07	For My late husband Glenn Baker For my son Ed Baker For My mother Florence Young's For My uncle Richard Harwood For my friends, the Reid's Family For Lucy Mosely For Allora Mosely For Hoosick Falls For Accountability
Brianne Bardusch	Hoosick Falls, NY	2016-06-07	I live in Hoosick Falls and no longer trust the village water. I've lost trust in and respect for Governor Cuomo and the NYS Health Department as well. Vermont responded to their contamination immediately and continues to put New York's response to shame.
TERRY BUELL	Hoosick Falls, NY	2016-06-07	I lived in Hoosick and Hoosick Falls for years.
catelin buell	shreveport, LA	2016-06-07	I used to live in hoosick falls where i went to school. now i live in stonewall, la and im always sick, i wonder if this has anything to do with it
Laurie Apa	Albany, NY	2016-06-07	Justice for Hoosick Falls!!
Susanne Williams	El Paso, TX	2016-06-07	My friend and her family live in Hoosick Falls.
Donna thompson	Hoosick Falls, NY	2016-06-07	To many high levels of pfoa my son's numbers were up there but not as high as my momd
Deborah Wilson	Hoosick Falls, NY	2016-06-07	I'm signing because i have been ill for the last 2 yrs from the water, 22 lb weight loss and seizures, how many more people are sick because of this! Completely disgusted with the way things were handled!
Sharon Levandowski	Hoosick Falls, NY	2016-06-07	We should have been told as soon as the village board New. Yet it was kept quiet for months and then it wasn't our mayor who informed us.
Kim Davis	Castleton-on-Hudson, NY	2016-06-07	I am disgusted by the gross misconduct that deeply impacts the health and financial security of my colleagues and neighbors. It's a "sexy" filter Governor Cuomo? Really? Let's find out the hard truth and see what you and your ilk really knew about the health impacts this wonderful community was going to experience. This is shameful and a disgrace, but the truth will prevail.
cathy dawson	hoosick falls, NY	2016-06-08	those responsible need to be held accountable- the politicians who hid necessary information from their constituents need to be held accountable!
Sonja Olson	Oak Ridge, TN	2016-06-08	People's health needs to be valued and taken seriously
Elizabeth Ganger	Hoosick Falls, NY	2016-06-08	I'm signing because I believe the public has a right to know what went wrong.
Denise Durbin	Colorado Springs, CO	2016-06-08	We have the same catastrophe happening in the community I live in.

Name	Location	Date	Comment
Margaret Cottrell	Petersburg, NY	2016-05-25	Hearings should NOT be an Option it should be Mandated! What are YOU ALL Hiding???
Thomas DellaRocca	Albany, NY	2016-05-25	We want a public hearing on this water issue.
William Corbett	Island Park, NY	2016-05-25	FUAC! We can't let the State and Federal continue to screw "We The People"!
Deb Metcalfe	Woodford, VT	2016-05-25	The people's voices need to be heard!
MaryAnn Percy	Bennington, VT	2016-05-25	It's the right thing to do!!
Tsungani Clemons	Troy, NY	2016-05-25	I grew up in Hoosick falls from birth to 28yrs old, and have health issues due to the water
Joshua Dewez	Clifton park, NY	2016-05-25	Because the systemic cover up and failure of a corrupt government can not be tolerated in a state where it's citizens pay taxes with their lives
John Stickney	Petersburgh, NY	2016-05-25	The Cuomo Administration needs to be held accountable for withholding information.
Keith Wiggand	Delmar, NY	2016-05-25	It is about time the Governor quit the crap and listen to, and help the people of New York.
june simons	Chatham, NY	2016-05-25	What is the matter? None of you representatives of the people live in Hoosick Falls or Petersburg?
Dawn Niebuhr	Poestenkill, NY	2016-05-25	We all deserve safe drinking water. Even if the pollution is unintentional, (innocent until proven guilty) the community needs to know what steps will be taken to ensure this doesn't happen again.
Morgan Keith	Cambridge, NY	2016-05-25	My sister and family live in Hoosick Falls.
Helene Allard	Hoosick Falls, NY	2016-05-26	I'm signing this because I want answers like everyone else. We are a small town, but we are just as important as any town in the USA, and we deserve answers !!
Jason Chaplin	troy, NY	2016-05-26	I was a resident of Hoosick Falls for 25+ years. Most of my family is still in that immediate area. The people who hid this need to be held accountable! Please sign this petition for their resignations too! https://www.change.org/p/residents-of-hoosick-falls-immediate-resignation-of-mayor-and-deputy-mayor-of-hoosick-falls-ny
Melissa hotaling	Watervliet, NY	2016-05-26	My sister brother in law and nephew are effected
Robert Sinnamon-Andreas	Albany, NY	2016-05-26	Cuomo and his cronies suck!!!!
Dianne Roberson	Ballston Spa, NY	2016-05-26	Because I care about my friends and want children to grow up healthy
Michele Baker	Hoosick Falls, NY	2016-05-26	Everyone deserves clean safe drinking water and the TRUTH!
Donald Granger	Hoosick Falls, NY	2016-05-26	Our politicians shouldn't be allowed to put this issue on the back burner.
Traci Sliwinski	Hamburg, NY	2016-05-26	I'm signing because it's the right thing to do. People and corporations need to be held accountable.
James R Colloca	Oswego, NY	2016-05-27	It's the right thing to do, to hold government responsible for their actions.
john jenkyn	Australia	2016-05-27	We no longer have clean safe drinking water
Steve Filkins	Germany	2016-05-28	I grew up there, i have family there, and i support the community. The truth needs to come out. in a public format, answering the questions about how long people in the community were drinking contaminated water and why was it not disclosed sooner by elected officials that PFOA was in the water supply.

Name	Location	Date	Comment
Jason weeden	Norfolk, VA	2016-05-23	I'm active duty military and a NY State resident and currently stationed in Washington, DC.
Jennifer Pallante	Albany, NY	2016-05-23	I'm signing this petition because I grew up in Hoosick Falls and so many people I know and love are still there!
Kim Lingeneer	Berlin, NY	2016-05-24	We all need clean water we are being poisoned someone needs to help the little people
Rachel Heltt	Hoosick, NY	2016-05-24	I used to live there and drank the water while breastfeeding my daughter
Melissa Davendonis	Hoosick Falls, NY	2016-05-24	I lived all my adult life in hoosick falls and raised 3 children. I have had thyroid disease for twenty years. This is a huge concern to me and the health of my family and friends that live in hoosick falls.
Jo-Ann Crandall	Petersburg, NY	2016-05-24	I'm signing because I live near these towns and feel we the people deserve to be kept informed of possible health risks. It's the governments responsibility to keep the people informed of such conditions!
donna kopcho	Averill Park, NY	2016-05-24	Our best friends are home owners in Hoosick Falls
James Norris	Washington, DC	2016-05-24	Everyone is entitled to clean water, not just those who can afford lots of bottles which contaminate more water.
Erika Douglas	Petersburgh, NY	2016-05-24	Taconic knew for years they were poisoning the community and only cared about making more money. The Russell family should answer for their actions.
Constance Plouffe	Petersburg, NY	2016-05-24	We demand to know who knew what when, and why were the residents of Hoosick Falls and Petersburg allowed to be poisoned for years with no intervention from our elected officials. Accountability is necessary to avoid these disasters in the future. We want our basic rights to be upheld. We want the promised hearings and justice for our communities.
Melissa M Moore	Rensselaer, NY	2016-05-24	Some of my family lives there and we want them protected
Eric Tilton	Gloversville, NY	2016-05-24	I'm signing because I was a resident of Hoosick Falls for the first 21 years of my life. Residents need to know what they are entitled to.
Deidra Michaels	Petersburgh, NY	2016-05-24	I believe these hearings are necessary.
Patrick Adrion	petersburgh, NY	2016-05-24	The water is poisoned with no accountability.
Amy Decker	Eagle Bridge, NY	2016-05-24	I lived in Hoosick falls all my life, gave the water to my children all their lives, & feel people should be held accountable!
Yuri Gorby	San Diego, CA, CA	2016-05-24	I am a scientist and educator at Rensselaer Polytechnic Institute in Troy, NY. Safe drinking water ranks as one of the greatest challenges facing humanity and should be addressed head on and without further delay. In my opinion it is irresponsible and immoral to for the New York Assembly to conduct public hearings on this important topic and neglect their duties to protect the good citizens of New York from harm.
jackie marozas	Shushan, NY	2016-05-24	I have a PFOA cancer as well as a very aggressive breast cancer that can be linked to ploa
Michelle Jones	Petersburg, NY	2016-05-24	We live in Petersburg ny myself and my husband have been having some of the medical issues my husband more then me we really need these meetings
Naomi Keegan	Clifton Park, NY	2016-05-24	I lived in Hoosick Falls and have had health problems. My daughter had her baby prematurely.
Lynda Vogel	Schenectady, NY	2016-05-24	What is happening there is terrible and not right
David Bridegroom	johnsonville, NY	2016-05-24	Government should be looking out for its citizens!
Julia Harrison	Hoosick Falls, NY	2016-05-24	Because I live in Hoosick Falls and before that I lived in Petersburg. If they knew the water was that bad why did they wait so long to let us know about it.

Name	Location	Date	Comment
Linda Redden	Unlisted, NY	2016-05-24	I have had one of the conditions PFOA can cause since 1995 and have lived in HF since 1976. Public research defined PFOA consumption as a health hazard as early as 2002. Reference Ohio Valley C8 study. Why did our government fail?
Jessica Wrubleski	Hoosick, NY	2016-05-24	Our community deserves answers and a peace of mind to say the least! The process so far has been unsettling and pushed aside along with the fact of the lack of Government support and discrepancies - this issue isn't going away and the pollution of our water system needs serious attention! If it was so "EASY" to fix then WHY did it take a 1 1/2 to address and notify the public!!! I feel that every governmental entity has failed our village and as a taxpayer is utterly disgusting to say the least!!
Antonio Goncalves	Hoosick Falls, NY	2016-05-24	I care about PEOPLE
georgette yakman	Blacksburg, VA	2016-05-24	I grew up in HF. My family lives there.
Iain Ronis	Ashburn, VA	2016-05-24	Just as with the coal mining CEO, there were decisions made and guided by persons who positions make them responsible and accountable for knowingly allowing human suffering to take place.
Cynthia Brewster	Hoosick Falls, NY	2016-05-24	The people of Hoosick falls deserve answers
cathy dawson	hoosick falls, NY	2016-05-24	Government officials need to be held accountable, the polluters need to be held accountable.- if an individual poisoned the public water supply that person would be jailed at the very least!
Kim Provensal	Winchester, MA	2016-05-24	I grew up there
Ashley Gorman	Johnsonville, NY	2016-05-24	I grew up in Hoosick Falls and fed my oldest child formula made with that water. My grandfather and several of his and my dads friends have died of cancer and coincidentally they all worked at St. Gobain
Michelle Lindsey	Hoosick Falls, NY	2016-05-24	I live in HF with my family and we have been affected by pfoa water issue
Lauren Main	Granville, NY	2016-05-24	This is a problem that needs immediate attention
Mark W. Folger	Hoosick Falls, NY	2016-05-24	Thru all this bullshit....there has got to be accountability....it's time for the State of New York to take responsibility in letting us continue to drink poison water, after they knew the truth....THANKS, for NOTHING.....
alison mcdaniel	Largo, FL	2016-05-24	I have friends that are affected.
Ryan Baker	Australia	2016-05-25	The Australian Government is involved in massive cover up where I live with these chemicals and im in a very similar situation
dorothy pitt	hoosick falls, NY	2016-05-25	I live in hoosick falls. Worried about our Babies and elderly!
Becky Watson	Hoosick Falls, NY	2016-05-25	Until a year ago I have lived in the Town of Hoosick and The Village. Between our private well testing positive to consuming Village water for 2 years, I feel local, county, state and federal government have failed to care for its citizens. The lack of communication needs to be addressed so no other families have to deal with this.
Vicki Meyers	Nesbit, MS	2016-05-25	I'm signing because I lived there for almost 8 years and I just moved because of health problems from living in Hoosick Falls New York
Karen Wallbank	North Adams, MA	2016-05-25	I have family in that area that are affected by this and they as well as every other resident deserve justice.
Kari Merritt	CLIFTON PARK, NY	2016-05-25	My coworker and her family have been horribly impacted by this situation
Assemblyman Steven McLaughlin	Melrose, NY	2016-05-25	I represent the area in the NY Legislature and was the first to demand hearings in the Senate and Assembly
Zachary Stover	Amsterdam, NY	2016-05-25	It's very important for the environment and human health concerns of our state and region
